Fine Seam of High-Grade Gre Just Uncovered.

Stockholders Are Auxious to Discov er Whether the Find Is a Permanent One.

> TRIBUNE BUREAU. Park City, Jon. 16.

The broken crank shaft of the engine at the New York Bonanza was replaced today by a new one brought from Salt Lake an old school chum of the actor and who for that purpose, and the engine was put in motion this evening by way of a test. Erickson handles the Swedish dialect in It was found to work entirely satisfacmanner superior to that of all others terily. Foreman Ferguson has notified the men working on the day shift to report at the usual hour tomorrow morning, when the property will again begin full operations. Much interest is felt in what the next few days may develop in the New York, as a fine seam of high-grade ore was just being uncovered on the footwall in the west drift on the 400-foot level when the breakdown occurred. It is sinerely hoped by the stockholders here that the find may be a permanent one.

ONLY AN EXPERIMENT. The blowing of the fire alarm today started the usual furore of excitement started the usual furore of excitement, but it turned out that the sound was the result of experiments being conducted by P. U. Bliss, local manager for the Rocky Mountain Boll Telephone company, looking to the connection of the alarm with the central office, so that the news of a fire can be wired to the central station and the alarm blown from that point. The question will come up next Weenesday at the meeting of the City Council, when it is believed that it will be favorably considered.

This is my method of dealing, based solely upon the carnest desire that every man in the United States may have an opportunity to try my cure for himself. When you consider the fact that I am the oldest and LARGEST ELECTRIC APPLIANCE MANUFACTURER IN THE WORLD and for over thirty-five years have had nothing but success, and that my great knowledge and experience business the same for the future, you should feel safe in trying my effer. There are many imitators of my goods, but my great knowledge, due to experience and research is mine alone and cannot be imitated. I give it freely to every user of my Belts, and this, with the best electric appliance the world has ever known, lerves very sight doubt of success. I also give my Belts on trial for RHEUMATISM, LAME BACK, KIDNEY, STOMACH and BLADDER TROUBLES NERVOUSNESS. Etc.

Write today and let me usuat you to health and happiness, as I have so many thousand others. I will at once arrange to give you my Belt on terms mentioned, and also two of the best little books ever written upon Electricity and its medical uses. By mail, free, scaled, Address
